

What better way to enjoy the 2022 World Cup than run a sweepstake. Our Scell-it UK sweepstake sheet has everything you need to get up and running.

Instructions:

1. Cut out all the 32 competing team nations on our teamsheet then fold them up and place them in a box.
2. Offer these teams to work colleagues, friends and family etc. who pick them randomly out of the box.
How much you charge is up to you, the total 'pot' can be divided into three prizes for 1st 2nd and 3rd place - or it could be just for fun!
3. For every person that picks - write their name on the team-sheet below (also contact details if required).
4. Wait until the end of the tournament to identify the winners.
